This is a very simple and very quick piece to knit. I used an unidentified fluffy yarn and a suede-type yarn from my stash. Gauge is not important...I chose a long circular needle to match the yarn size but you could go a size or two larger for a soft and lacy look. Experiment till you find the look you prefer.

- Using your favorite method, cast-on 220 stitches with the fluffy yarn.
- Knit 4 rows.
- Switch to the suede-type yarn and knit 8 rows.
- Change back to the fluffy yarn and knit 4 rows.
- Bind off and weave in loose ends.
- Enjoy your scarf!
